Bharath **Muppa**

I am Full stack Web Developer with 8 years of Exciting experience in developing Web Application with Strong understanding of Software Programming Paradigms. Looking for an oppurtunity where I can unleash my full potential.

PROJECTS

2021(May) - present

ASML – YER Consultancy (Full stack Developer)
- o Worked on supply chain module to ease change management process within ASML.
- o Got an opportunity to lead project team.
- o Worked on Micro services architecture.
- o Configured and managed Kubernetes clusters for my project.
- o Optimized front end performance for multi-level level table, Huge data visualization(comparatively).
- o Created UI components to use across projects.

Highlights:
- Micro services using Spring Boot, Postgres, neo4j, typescript, Kubernetes, Angular library creation.

2019(June) – 2021(Feb)

PHILIPS – Montash Consultancy (Web Developer)
- o Worked on creating web Dicom Viewer application as Typescript Engineer for HSDP Department.
- o Worked on Multiple internal libraries which will be used by many internal clients for their medical devices.
- o Created Adapted libraries to angular user app, react user app.
- o Created Node scripts to automate build process and version upgrades.

Highlights:
- Angular Libraries Creation, custom TypeScript build setup using webpack, NX Workspaces, Migration from TSLint to ESLint,.

2019(Feb) – 2019(May)

EURAIL (Web Developer)
- o Worked in Reservation systems of Eurail.
- o Worked as React Developer.

o Learned about AEM integration with web frameworks.

2016 – 2019

ASML – Tata Consultancy services (Full Stack Developer)

o Worked in Multiple projects within ASML and been part of Mobile Solutions and user Experience team.
o Member of Standards Regulation Committee from TCS for Web Applications.
o Worked as SAPUI5, Angular developer for 4 internal projects.
o Developed Angular library for ASML Internal use
o Implemented Redux pattern using ng-rx Store.
o Emphasize more on Uni-direction data flow, Component based Programming paradigms, SOLID Principles.
o Suggested Git Versioning strategy for Team.
o Implemented Continuous deployment using Jenkins

2015 - 2016

XL – Tata Consultancy services (Full Stack Developer)

o Worked in Scrum Team of 4 full stack developers.
o used Node as JavaScript runtime Environment and Express to develop Rest API.
o AngularJS, Angular 2 Beta, Angular 2 RC and Angular 2 as Javascript Frameworks.
o Took Lead on Code Quality and design patterns.
o Implement Gulp Task runners for minification, obfuscation and gZipping.

2014 - 2015

DBS – Tata Consultancy services (Web Developer)

o Worked in Team of 2 Web developers used Angular JS as UI framework, Material as UX pattern.
o Developed Extension for Angular grid.

2013 – 2014

HANDS ON   :   React, TensorFlow, IBM Q.

INTERESTING TOPICS

- Writing articles on Computer science topics.
- Quantum Computing*.
- Analyzing Performance across sites.
- Version Controlling Strategies.
- Platform agnostic Coding practices.
- Love to discuss on STEM Topics.

EDUCATION

2009 – 2013

BACHELOR OF COMPUTER SCIENCE– Andhra University
+ Completed with 8.27 aggregate.

AWARDS

2014	TCS KUDOS
2014,2015	CLP FACULTY AWARD (THRICE)
2016	TECHNICAL EXCELLENCE
2017	SERVICE COMMITMENT AWARD
2020	IBM QUANTUM CHALLENGE 2020 ACHIEVEMENT ADVANCED
